

# X-ray viewing boxes

Pleasant and innovative design

Various - surgery

**ART. 7085/N:** formed from unbreakable material, it features a simple and rapid mounting device for radiographs. Its design allows it to be used either wall mounted or on the workbench. Illumination is by means of a fluorescent lamp (6500° K) fitted to an unbreakable opaline diffuser.

**Art. 7086N2:** painted steel structure and stainless steel profiles model. Fluorescent cold light (6.500°K). Unbreakable white monochromatic diffuser with supporting device.
